win promotion, each soldier's progress depending entirely upon his own individual industry and ability.

President Wilson sent a special message to the students which also was read by Lieut. Debel. The President's message said:

"The step you have taken is a most significant one. But if you have ceased to be merely individuals, each seeking to perfect himself to win his own place in the world, and have become comrades in the common cause of making the battle fought. You must not only be thrilled with zeal for the common welfare, but you must also be masters of the weapons of today."

"The enterprise upon which you have embarked is a hazardous and difficult one. This is not a war of words; this is a war of arms. It is a war of ideas, yet fought with all the devices of science and with the power of machines. To succeed you must not only be inspired by the ideals for which this country stands, but you must also be masters of the technique with which the battle is fought. You must not only be thrilled with zeal for the common welfare, but you must also be masters of the weapons of today."

"There can be no doubt of the issue. The spirit that is revealed and the man in which America has responded to the call is indomitable. I have no doubt that you, too, will use your utmost strength to maintain that spirit and to carry it forward to the final victory that will certainly be ours."

which you are about to enter," he said, "the same conditions prevail."

General March's message to the new recruits said:

"The students' army training corps has been organized to assist in training a body of men from whom the United States will draw officer material in large numbers. The need for these officers is one of the most imperative connected with our large army program, and patriotic young men will be given an opportunity to acquire this training with Thrift stamps and of the plan of collection among the children of the school for the latter purpose."

"You should not need these demonstrations to arouse you to a sense of your duty. Everyone of you should know now that it is your duty to support your government and should buy freely. Don't feel you should not buy because it means sacrifice. You should buy after it means sacrifice, for that is the spirit which must animate you."

Lieutenant Debel will have the assistance of three other commissioned officers.

It is the choking of which would be fatal. It is, then, not unreasonable to ask if sooner or later the Balkan debate will not be repeated in the west.

LOCAL BOY DIES; COUSIN IS ILL

Pneumonia Causes Death of Louis Wall at Training Station at Hampton Roads.

Louis Wall, son of Mr. and Mrs. Fred Wall, Buckingham street, who was in the naval radio service, died at Hampton Roads of pneumonia this morning. A cousin, Nelson Seymour, is dangerously ill with the same disease at Camp Sherman.

Wall was 22 years old and a graduate of Newark high school, 1917 class. He has been in the service five months. No information has been received as to when the body will arrive here.

Mr. and Mrs. Wall received a message early Tuesday advising them of their son's serious illness. They prepared to go to his bedside but a few hours later another message announced his death.

AWARD HONOR FLAGS TO LOAN HUSTLERS

(Associated Press Telegram)

Cleveland, Oct. 1.—Thirty-two honor flags have been awarded to communities in the fourth federal reserve district, which have over-subscribed their fourth Liberty loan quotas. Six have gone to counties. The total subscriptions for the district were estimated today at \$2,414,000, with Cleveland's total estimated at \$6,250,000. Cincinnati reported subscriptions of \$700,000.

Area figures officially reported are: Cleveland, \$3,828,450; Pittsburgh, \$1,751,950; Cincinnati, \$1,268,900; Lexington, \$125,050; Columbus, \$440,750; Toledo, \$79,300.

More than a million dollars' worth of bonds were sold the first two days of the drive at small towns where the two war trophy trains stopped. Mennonites have subscribed for \$75,000 worth of Wooster's \$175,000 sales.

Henry county is the first in the Toledo area to go over the top. McHenry county, Ky., reached a quota of \$3000, has sold \$38,000 worth. All municipalities in Sandusky county, except Fremont, have reached their allotted amount and Fremont's quota is over half subscribed. Lindsey, Gibsonburg and Clyde were the first towns in the country to go over.

Official figures show Lucas county's subscriptions as \$11,500,000.

Stating that it was not a matter of sentiment, but that of every Catholic, Rev. Father B. M. O'Boylan, pastor of St. Francis de Sales church, in a splendid address at both masses Sunday, urged his congregation to buy bonds in the present Liberty loan campaign.

Father O'Boylan stated that since American had determined to take part in the war there had never been any doubt of ultimate victory for the allies. He stated that the government was not asking a favor in the purchase of bonds, but was giving the people an opportunity for a splendid investment backed by the securities of the greatest country in the world, governed by President Wilson, who had proven himself the man for the place.

Father O'Boylan told of the investment of all the available church and school funds in Liberty bonds and in Thrift stamps, and of the plan of collection among the children of the school for the latter purpose.

"You should not need these demonstrations to arouse you to a sense of your duty. Everyone of you should know now that it is your duty to support your government and should buy freely. Don't feel you should not buy because it means sacrifice. You should buy after it means sacrifice, for that is the spirit which must animate you."

THANKS PEOPLE FOR HELP IN BIG PARADE

Walter C. Metz, as chairman of the Licking county Liberty loan committee, today issued a formal statement thanking the participants in the patriotic celebration on Sunday. Mr. Metz says:

"In appreciation of the time, effort and thought spent in the demonstration I wish to thank all organizations and individuals for their co-operation in making the fourth Liberty loan parade the success that it was."

PROMISES EXPOSURE OF FAKE SECURITIES

(Associated Press Telegram)

Washington, Oct. 1.—More than 500 promoters of questionable speculative enterprises who are selling securities in competition with the fourth Liberty loan and in defiance of the government's capital issues committee, are under investigation by that committee and steps to blacklist them publicly may be taken soon. This was learned today from a preliminary report of the enforcement division of the federal reserve board, which for weeks has been gathering evidence on the activities of wildcat promotion schemes involving the trading in of Liberty bonds for speculative stock and the consequent absorption of capital for non-war purposes.

MAKES GOOD START.
Cleveland, Oct. 1.—Fourth Liberty loan subscriptions for the fourth federal

at reserve district were officially estimated at \$47,705,000 today. Cleveland's total was officially reported at \$6,313,500 up to noon.

BOARD CLASSIFIES NEW REGISTRANTS

Members Rush Work to Prepare Men For Induction In Service This Month.

The local board is meeting in executive session today, classifying the registrants of September 12. The work is being rushed as rapidly as possible to have the men ready to fill October calls. According to a ruling made, no men of the September registration, married since August 5, will be given deferred classification.

The first work of the recently-appointed board of instruction was carried out last night at the Hickey hall. The men who had been called to entrain for Camp Sherman, October 10, before the cancellation of the order, were told to report for instruction. About 20 were present, and the board instructed them in the preliminary military work, and a short lecture was given.

Charles H. Elliott, 240 Lawrence street, this city, was picked up by the department of justice at Toledo last night, for not having his registration card. He wired the chief clerk of the draft board, who replied his status was O. K.

The first Chinaman to hand in his questionnaire in the recent draft was You On, 51 West Main street, who did it today. He is 19 years old and waived all exemption claims.

The navy department has authorized the taking of men for the marine corps October 1. According to the plan agreed upon by the general staff and officers of the marine corps, 5000 men a month will be allotted the corps from the registered lists for four months. Following that allotment, 1500 a month will be allowed. The marine corps counter-officer will be kept open for the examination of applicants, who must fulfill the physical and mental requirements. In case he is accepted the recruiting officer will make a request for the man through the draft board.

All recruits for the navy must be obtained through the draft board, and recruiting officers will be known as mobilization officers and all recruiting centers will be known as mobilization centers. Men especially fitted for the navy will be examined and if desirable request will be made for them of the draft board.

and Joncourt, but this, at last reports, was being gradually eliminated.

The general in command of the American divisions was warmly commended by British officers for the manner in which he managed to protect the flank between his command and another division northward. Everywhere along the British front the battle was progressing today under unfavorable weather conditions. The British movement appeared to be pivoted on Joncourt. Wintry winds and rains, sweeping in from the North, sea-drenched the fighting armies and chilled them to the bone.

On the important Flinders battlefield the Belgians and British not only gained further ground but beat down completely the desperate counter-attacks of the Germans who are striving to eliminate the allied menace to the territory they hold between Roulers and Ostend.

WILL ALLOW BULGARS TO PICK OWN RULER

(Associated Press Telegram)

London, Monday, Sept. 30.—The convention with Bulgaria signed yesterday was a purely military arrangement which was entered into on behalf of the allies by the French and other military commanders. No political problems are dealt with and the questions of boundaries and other arrangements are left to the peace conference.

There has been much discussion in the English press of the role of King Ferdinand and suggestions have been made that he be deposed. That matter also was outside the scope of the convention. The governments of the allies take the view that according to their principle of self-determination the question of who should be Bulgaria's ruler, or titular ruler, is a question for the Bulgarian people to decide, if such a question arises in Bulgaria. Thus, it is pointed out, the allies have given a practical application to the self-determination principle at the first opportunity offered.

The armistice arranged yesterday remains in force until the final and general peace settlement is constituted. A complete military surrender by Bulgaria. She not only ceases to be an enemy, but ceases to be a belligerent.

No information is yet at hand here regarding the part King Ferdinand played in the latest events—whether he yielded against his will to the sentiment of the country or whether he saw the coming storm and took the leadership in the new policy.

The fact that he pardoned the statesmen who had opposed the entrance of Bulgaria into the war is interesting but whether he did this of his own free will or under virtual compulsion from the new premier remains to be seen.

Events are moving rapidly and interest now is focused on Turkey.

"BURY THE HAMMER" SPIRIT.
Every town has two types of citizens, and you can see them classify themselves every day. The typical knocker sits on his front porch and groans over this or that fault in his home town. Perhaps his complaint is that the street is in such a dirty condition. Why doesn't the street department get after it, he growls, and he telephones a complaint into the office.
Other people reflect that the street appropriation is usually in an exhausted condition, and the road workers have only about money enough to keep the surfaces decently passable. So some of them have the public spirit themselves and clean up the part of the street next their land.
If one man does that, his neighbors are very apt to take hold and do their share. Neatness is just as contagious as disorder. So it goes in everything. People forget to knock when they take hold and work for community purposes. When this spirit of co-operation exists, the knocker and his hammer are rarely heard from.
The man who can get out a gun these days and return with a bag of game, has talents that would be appreciated by all our boys now in the trenches.
Among the people who wonder why groceries cost so much are those who forgot to order until reminded by the grocery wagon passing their house.

MUSIC IN THE ARMY.

In the older wars music went many battles. When the soldier heard the stirring fiery rhythms, it put the do or die spirit into him. It has so far not seemed very practical to have much music in this war.
Something has been done toward teaching our boys to sing. In trench warfare the men are so scattered that they could not do much at it even if, in the mood. In their rest camps good chorus singing will stimulate their enthusiasm and revive their spirits.
But nothing takes the place of military band music. The government recognizes this, as it has announced that it wants 500 competent bandmasters. There will be plenty of room for patriotic and skilled musicians who wish to serve their country in this noble way. How much it would mean to a man, exhausted by the physical strain of battle, weary of its sickening sounds, sights and odors, to get back into a rest camp where a good military band was holding regular concerts. It would be better than anything the doctor could give him.
The tingle of stirring music puts resolution into a man's feet and fire into his soul. How many men in the older wars have marched to death under its inspiration, and how many have had the ability to snatch victory from defeat because band music puts life into their hearts.
Music is nearly a universal passion. Announce a fine band concert in any of our towns, and how the people do stream in to hear it. Over in France where pleasures are so few and horrors so depressing, how much more the boys will long for it. So it is both mercy to the enduring and suffering soldiers, and a good military proposition.

BAD WRITERS.
It might be thought that illegible handwriting is a sign of ignorance. You expect a man who never went to school to sign his name in a scrawly fashion. You pity him because he had such a poor chance in life. Yet quite as often bad penmanship is a sign of not too little education, but too much. College educated men are proverbially bad writers.
A druggist was remarking the other day of his trials with doctors' prescriptions. The majority of physicians, he said, write badly. They handle dangerous drugs, mistakes in which might do great harm or be fatal. Yet a great many of them write such illegible scrawls that it is almost impossible to read them. Then they blame the druggist if he makes mistakes.
A notary public was also remarking that signatures attached to legal documents are often very poorly done. He exhibited a paper signed by the representative of a prominent brokerage house, transferring property of great value. The broker's signature could scarcely be read by experts on Egyptian hieroglyphics. A man of that type is able to write legibly, but he simply won't bother to do it. He gets the idea that it is not necessary. Yet if a signature is necessary and worth having on a document, it is worth having it so it can be read.
Many highly educated young women get the idea that an angular style having some pronounced mannerism is smart. The penmanship does have a certain characteristic style, but people who have to read it wish the writer would attend a primary school.
Educated people should not get the idea that good penmanship is unimportant. Careless handwriting is one form of slovenliness, and it irritates all who have to read it.
The Boches aren't really alarmed about the influx of American troops, is they have it straight from Kaiser Bill that the Chinese laundrymen have risen in this country, and President Wilson has had to flee the capitol in disguise.
The folks who complain because the American army doesn't go ahead faster, are not usually the same ones who buy a good large Liberty bond to provide that army with an equipment that will enable it to advance.
The fact that our fathers used to work 10 to 12 hours a day and yet have time enough to care for a little flock of poultry, does not prove that we can do it on our eight or nine hour day.
The man who can't take much in Liberty bonds on account of the cost of his family, has not usually been observed smoking any less expensive cigars.
The charge for moving telephones having been increased, it is now up to the householder to make a mistake, and put it in the right location in the first place.
This is a time when women are working. The more attention they give to being stylish, the less they are in style.
In view of the threatening drought, the old soakers are investigating the irritating possibilities of furniture polish.

MORE GERMAN DECEIT.
(Washington Post)
The German socialists' list of terms under which they would consent to certain of their leaders becoming members of the government is quite an imposing document, but it is and will remain a mere platonic demonstration. Its acceptance would entail the collapse of kaiserism and all that goes with it—junkerdom, militarism, pan-Germanism and the supremacy of the great general staff over the civil power. If Belgium is restored to independence and indemnified, if Serbia and Montenegro are evacuated and Alsace-Lorraine is transformed into an autonomous state, Germany has lost the war. One might as well try to persuade a man to commit suicide as to lead the men in power in Germany to make these concessions.
The proposal to introduce universal suffrage, direct and secret, in Prussia would sweep the junker party out of existence, and that band of reactionaries would rather be crushed by a foreign enemy than be beaten by the socialists.
The proposal to recruit the ministers from the ranks of the political parties in the reichstag would deprive the junkers of all authority. By the German constitution the reichstag cannot discuss any measure that has not first obtained the approval of the federal council. The federal council is appointed by the kings and ruling princes and dukes of the federal states composing the German empire. The kaiser as King of Prussia nominates the majority of the members of the federal council. He can therefore outvote all his brother sovereigns. In reality, by this ingenious apparatus the reichstag can discuss nothing that is not first approved by Emperor William.
How, then, can a parliament, itself without authority, give authority to ministers chosen from its ranks? In order to introduce a real parliamentary government in Germany, the whole constitution would have to be revolutionized from top to bottom. This the socialists know. They know further that all the resolutions they may vote will remain a dead letter. The congress they have just held is a mere demonstration, at the most a protest, a pious wish that will remain without effect. The fact that the government has allowed the resolutions adopted by the socialists to be published in the German press and telegraphed abroad is not a proof of a liberal spirit. It is intended to deceive public opinion abroad and raise false hopes that internal changes are impending in the empire. If the entente is foolish enough to be taken in by this new example of political camouflage, the Wilhelmstrasse will have achieved its purpose.

Pointed Observations
Many people living in Berlin have never seen the American flag, says an exchange. And a lot of Hungs along the battlefield wish now that they never had—Detroit Free Press.
Evidently what Mr. Wilson wanted to impress upon the Austrians was that they have no ideas he would receive in exchange for some of his. They couldn't be used over here.—Pittsburgh Dispatch.
The Kaiser, in his speech at Essen, declared the Germans were a meditative people. From the standpoint of their preparations for war they might be called a "premeditative" people.—Richmond Times-Dispatch.
As Senator Sherman sees it, this part of the world is being made too safe for democracy.—New York Evening Post.
"What is the first thing General Pershing will say when he gets in Berlin?"
"Bill, we are here."—Portland Press

Mother's Pet Needs a Cascaret

Baby is mad! Doesn't want the favorite dolly, or the horn, or the picture books—but don't scold! Look at the tongue! Then hurry! Give candy Cascarets to work the nasty bile, souring food and constipation poison from the little liver and bowels.

MOTHERS! Clean the clogged-up places. Do away with the bile, sour fermentations and constipation poison which is keeping your little one cross, feverish and sick. Children love Cascarets, because to them it is like eating candy. Cascarets act better than castor oil, calomel or pills on the tender stomach, liver and bowels. Cascarets never gripe, never injure, and do not disappoint the worried mother. Give harmless Cascarets to children one year old and upwards. Each ten cent box contains full directions.

School Children of Granville Awarded Thrift Stamps For Excellence in Summer's Work.

(Special to The Advocate.)
Granville, O., Oct. 1.—The women's committee council of national defense, featuring the food production part of a year's program, introduced a brief and interesting ceremony into the moving picture show at the opera-house, Monday evening, between the Pathe News and a play, "The Hired Man." K. H. Schuman, director of community singing, opened the exercises by leading the audience in two verses of the "Starvation Banner," after which in a series of slides thrown on the screen, the importance of the school war garden army was demonstrated. Prof. T. Lewis, supervisor, made the presentation speech, and awarded the prizes the winners who went forward as their respective names were called to receive their \$5, or \$3 or \$2 in savings stamps, and last, the sweepstakes prize of \$10. Dr. Lewis thanked those who had helped make this enterprise possible, especially those who had helped in financing it: H. W. Deming, with his gift of \$25; Mrs. F. E. Mann, Mrs. Burton Case, Mrs. C. B. E. Morrow and son, John, Edna, Jones & Van Voorhis, F. J. Egle, C. A. Stanforth, Fred Miller, Harry Bros. and Dr. L. E. Lewis. Winners of first prize were: Frances Eberlin, Herman and Kenneth (both tied), and Leo Case; second prize: Edith Conard, Ruel Carpenter, Fred and John Owen (both tied); third prize: David Pratt, Dorothy Bawn, and Mrs. McLean. Eleanor Curtis, of sweepstakes: Leo Case. Judges: of T. A. Lewis, supervisor; A. P. Schol, W. A. Barnes and Burton Case. The twenty-six contestants were guests of Mrs. Austin and Case. About \$15 in prize money will be placed to the credit of the school war garden committee in the treasury of the council of defense (women's committee) to help financing next year's campaign. "The Coming of the Northern" into Asia, formed the topic of an interesting paper read by Mrs. E. P. Cook at the meeting of the Travelers' Club, Monday afternoon. The early Russian princes, Rurik, Oleg and Igor, and the early Russian empress, Olga, with the introduction of Christianity into the country, were featured, from A. D. 882 to 972. "The Languages" were presented by Miss Lillie Prouty in a carefully-prepared paper. Mrs. Herrick, in "Current Events," gave an instructive view of Uncle Sam's vast war expenditures, showing how much of the outlay is to be regarded as investment instead of mere waste. Five new members were unanimously elected to associate membership. Prof. and Mrs. K. H. Eechman have welcomed a new daughter to their home. The first fall program of the Women's Music club will be presented Wednesday afternoon, October 2, at the home of Mrs. Charles B. White, Mr. Parnassus, at 2:30. Chorus rehearsals this evening at the home of Mrs. C. J. Loveless in Broadway. Announcement was received here today of the death yesterday in Toledo of C. T. Lewis, president of the board of trustees of Denison university. The funeral will be held in Toledo Wednesday. Dr. C. L. Williams will represent the university at the funeral.

The Ohio War Board Says Today

"C'est Le Guerre"—"It's the war," say the French as they offer life and treasure to crush the Hun. For four years the French have borne the brunt of the mighty drive upon civilization. Despoiled, wrecked, ravished, ruined, bleeding France is still cheerfully giving their lives and lending their money. American boys, millions of them are tendering their lives and their hopes to save France and Civilization. When they give, THE YGIVE, not loan. These lives and hopes can not be redeemed a few years hence. Your dollars are being LOANED. Uncle Sam needs them now. YOU GET THEM BACK LATER. Isn't the purchase of LIBERTY BONDS about the latest sacrifice you can make? Of course it is. THEN DO IT NOW. BUY LIBERTY BONDS. BUY LOTS OF THEM. "Money talks," quoted the Wise Guy. "Yes, but just present its conversation scene limited to saying, 'Hands up!'" replied the Simple Man.

SOCIAL EVENTS

Banns for the marriage of Miss Eva Moran and Mr. Othmer Frischen were published for the first time Sunday, at St. Francis de Sales church.
Diemant Gress.
At 11:30 o'clock Tuesday morning the marriage of Miss Thresa K. Gress and Mr. Wallace C. Diment was solemnized by Rev. G. Bohon Schmitt, at the parsonage of the St. Paul's Lutheran church. They were unattended and left immediately after the marriage service for a few days trip to Wheeling, where they will be guests of the bride's sister, Mrs. O. H. Kline.
The bride is the daughter of Mr. Frank Gress of Wilson street and came to Newark six years ago from Wheeling, W. Va. The bridegroom is the owner of the Diment candy store and assists in the management of the Diment fruit and vegetable farm near Clyde, O.
Upon their return from a wedding trip Mr. and Mrs. Diment will be at home in apartments in the Arcade.
The President of the City Federation of Women's clubs calls attention of the Newark club women to the following letter from Valinda R. Rood, state president, concerning the state meeting.
As soon as the official call is received there will be a meeting of the Federation for the purpose of electing a delegate. Mrs. Homer Davis is to present the war activities of the Newark club at the state meeting. Those clubs having reports to make will kindly mail them or telephone Mrs. Davis at the earliest opportunity. All clubs are urged to send as large a delegation as possible. The notice of the program and speakers will be published later.
The president of the Ohio Federation of Women's clubs have addressed the following communication to club women of the state.
My Dear Co-Workers—After what has been a busy summer, because vacations are not to be thought of in these crucial times, we approach the club year with a new sense of responsibility and loyalty of purpose.
It is my earnest hope that every federated club will be represented at the convention to be held at Coshocton October 17-19.
"Service" will be the dominant thought, and the utmost simplicity will be observed in everything connected with the week's meeting. Elaborate evening gowns will be quite out of place, and the most festive occasion will call for nothing more than a pretty summer gown. It would be very much out of character for your president to presume to dictate, but it will give her great peace of mind if this plan is observed.
Every club president should receive the official call and credential cards for her club not later than October 4, and this call should be read at the first meeting. In case the call is not received it will face later matters for all concerned if notice is at once sent to the corresponding secretary, Mrs. William H. Potter, 444 Kenilworth avenue, Toledo.
The chairman of programs Mrs. James N. Flannery, of Cleveland, has worked untiringly to build a program. With the sincere desire to meet at least one member from every club in the federation, I am cordially and faithfully,
VALINDA R. ROOD.
Miss Blanche Tanner entertained the R. S. C. Club Monday evening at her home in National Drive. Covers were laid for ten. Those present were: Misses Elizabeth Travers, Cecil Tanner, Serena Groves, Mary Wince, Helen Tanner, Ethel Owens, Mrs. William Grigsby, Mrs. James Ellis, Miss Agnes Weiss of Pittsburgh and Miss Blanche Tanner.
The members of the Krochka club will be entertained at the home of Mrs. J. D. Montgomery in 33 North 12 street on Thursday. The members will sew for the Red Cross.
Mr. and Mrs. George Fulk of Atherton, entertained on Friday evening Rev. A. B. Cox and family and Milton C. Kline and family and Mrs. Irene Miller at a six o'clock dinner.
BIRTH ANNOUNCEMENT.
Mr. and Mrs. Allen Starkey are the proud parents of an 8 1/2 pound daughter, Lillian Starkey, born September 18. Mrs. Starkey was formerly Miss Eva Binkley.
Far from Angry.
She—"I'm afraid papa was very angry when you asked him for me, Jack, dear." He—"Not at all; he asked me if I couldn't introduce a couple of young men who might take your two sisters off his hands."—Boston Evening Transcript.

TO THE FOLKS BACK HOME

Somewhere in France
August 17, 1918

We, the undersigned, are wounded soldiers of the A.E.F. now lying in base hospitals in France. We are going back to the front as soon as we can get there. We've just got to be there with the bunch when they start for Berlin. And as we go, we expect to hear from home that you have heavily oversubscribed the Fourth Liberty Loan.

Yours to a finish,

Wednesday and Thursday.

Pretty Jewel Carmen will have some-
thing altogether new to show her mo-
tion picture friends when she appears
in "Lawless Love" at the Alhambra
Wednesday and Thursday. Jewel Car-
men always has charm, and in this
picture she fascinates not only her
dancing partner, but also a notorious
bandit, whom she induces to become a
better man and her devoted sweetheart.The play "The Girl in His House,"
theatrical company of which Jewel
Carmen is the star, in a western town.
Her dancing partner, Freddie Mont-
gomery, is in love with her, but when
he finds out she is captured by a
bandit, Freddie deserts her, while the
bandit is ready to protect from others
the girl he has captured. The girl ap-
preciates his worth, and when the gang
tries to "get" the bandit she uses a
gun with good effect, and they both
make their escape after a terrific
battle.

"Her Regiment," Tonight.

Frank Moulan, foremost of musical
comedy comedians, in the new musical
comedy, "Her Regiment," comes to the
Auditorium theatre tonight, after a
lengthy engagement at the Knicker-
bocker theatre, New York City.Victor Herbert, who composed the
score, needs no introduction to the
local public. Over and over again he
has rightfully proved his claim as the
only composer that America has pro-
duced in recent years, who can suc-
cessfully compete with the products of
the foreign schools of musical comedy.
It is to his credit to say that in every-
thing that he does he is always a
master of distinction and quality.A few of the girls with Victor Herbert's new musical comedy "Her Regiment"
Auditorium, Tonightspeeches through southern California
in behalf of Belgium's refugee babies,
created wild enthusiasm in Santa
Barbara a few days ago during one of
her Liberty bond drives, by recognizing
and picking up from a street corner,
"Wild Bill" Sorrentino, an Italian lad
who sells papers at Sacramento avenue
and Market street.Miss Minter had seen "Wild Bill's"
picture in a newspaper, where he was
referred to as an enthusiastic bond
salesman, he having disposed of \$18,000
worth of bonds among his new-found
customers. Bill waved his hand at
Mary as her car went by and in a flash
she recalled who he was. Turning the
machine around, she picked Bill up,
keeping him with her while she
harranged the crowd and made them
buy more bonds. Sorrentino did justice
to the occasion by purchasing a \$1,000
bond himself to round out the after-
noon's work. He is the proud possessor
of an autographed portrait of little
Mary.

LYRIC.

The opening bill of Nat S. Ferber's
Modern Love-Makers at the Lyric was
pleasing. While the show is snappy
and funny still it is clean and has the
air of refinement. In addition to the
show, there are several specialties. Tom
Ward received a cheering reception,
and although 63 years old in life, uponWm. Le Baron who contributed the
story and lyrics for this musical
comedy, is making his debut as an as-
sociate writer of Victor Herbert. In a
more or less way, however, he is known
as the author of "The Echo," several
vaudeville, playlets and a satirical
comedy, "The Very Idea," counted
among the season's best plays.The three different scenes of "Her
Regiment," which are laid in Norway,
France and in 1914, it was, how-
ever, war in its romantic phase, that
furnished the inspiration of the story.
Not the grim horrors of reality that has
since laid that beautiful province in
ruin. The story recounts the hap-
piness that came to a young soldier the
son of a wealthy man, who, under an
assumed name, has enlisted in the
ranks. He falls desperately in love
with a supposed peasant girl, who is
not a peasant girl at all, but an heiress
in disguise and the betrothed of the
colonel of the regiment, in which the
young soldier is a private. Out of this
situation arises many complications,
both sentimental and humorous for the

gists everywhere. Unlike the older in-
organic iron products it is easily assim-
ilated and does not injure the teeth,
make them black, nor upset the stom-
ach. The manufacturers guarantee
successful and entirely satisfactory re-
sults to every consumer of the medicine
it dispensed in. It is dispensed in
this city by Wm. A. Egan, Evans
Cut-Rate store, the Mykranitz Phar-
macy, and other druggists.Probably no remedy has ever met
with such phenomenal success as has
Nuxated Iron—over three million people
annually are taking it in this country
alone. It has been used and highly
endorsed by such distinguished men as:
Hon. Leslie M. Shaw, former Secretary
of the Treasury and ex-Governor of
Iowa; former United States Senator and
Vice-Presidential Nominee Charles A.
Tamm; United States Senator E. S.
Johnson; Judge G. W. Atkinson of the

man, Jurist, formerly Surgeon-Major

Army during the Civil War and others.

WHAT DR. MACALPINE SAYS:

During sixteen years as Lecturer
and Adjunct Professor of Special Sur-
gery (Proctology) in the New York Post
Graduate Medical School and Hospital,
I never had a case of hemorrhoids or
any other ailment of the rectum and
anus, but I have seen many cases of
constipation, indigestion, and other
conditions of the digestive tract, and
I am absolutely convinced that it is a
preparation of most extraordinary
merit.The people would only realize that
iron is just as indispensable to the
blood as is air to the lungs, and he
sees as particularly about keeping up a
sufficient supply at all times, there
would, in my opinion, be far less dis-
ease resulting from anemic, weakened
conditions. For years it was a prob-
lem with physicians how to administer
iron in a form that could be taken up
by the system and increase the red
blood corpuscles without upsetting the
stomach, blackening the teeth or pro-
ducing other disorders almost as ser-
ious as the lack of iron itself. But the
introduction of Nuxated Iron has done
away with all objectionable features
of the old mineral salts of iron and
given to every careful thinking physi-
cian a tried and valuable prescription
which he can recommend nearly every
day with benefit to his weakened and
run-down patients. Nuxated Iron by
enriching the blood and creating new
blood cells strengthens the nerves, re-
builds the weakened tissue and helpsSPECIAL TO PHYSICIANS
Doctor, What Do You Recommend To
Renew The Supply of Iron In The
Blood of People In A Week,
Nervous, Run-Down State?Dr. MacAlpine, for 16 years Adjunct
Professor in the New York Post Gradu-
ate Medical School and Hospital, says
the introduction of Nuxated Iron gives
to every careful thinking physician a
tried and valuable prescription which
he can recommend nearly every day
with benefit to his weakened and run-
down patients.Dr. MacAlpine's opinion is borne out
by the endorsement of such physicians
as Dr. Schuyler C. Jacques, formerly
Visiting Surgeon St. Elizabeth's Hospi-
tal, New York; Dr. A. J. Newman, late
House Surgeon of Jefferson Park Hospi-
tal, Chicago; Dr. James Francis Sul-
livan, formerly Physician of Bellevue
Hospital and the Westchester County Hospi-
tal; Dr. Ferdinand King, New York Physi-
cian and Medical Author, and others.Now, Doctor, when you wish to pre-
scribe a true tonic, strength and blood
builder—one that puts the vim and en-
ergy into the veins of the weak, infirm,
run-down and aged—why not try the
same kind of iron—Nuxated Iron—that
Dr. MacAlpine and other physicians
have used with such success in their
practice? Two five-grain tablets of
Nuxated Iron taken three times per
day after meals will often increase the
strength and endurance of delicate, nerv-
ous, run-down folks in two weeks' time. Your druggist will refund your
patient's money if it doesn't.To instill renewed energy and endur-
ance into the whole system whether
the patient be young or old. In my
opinion Nuxated Iron is the most val-
uable tonic, strength and blood builder
any physician can prescribe.Manufacturers' Note: Nuxated Iron
is used by Dr. MacAlpine and
others with such surprising results and
which is prescribed and recommended
by physicians, is not a secret remedyyoung woman also falls in love with
the soldier. These proceedings event-
ually lead to a duel between the ad-
mirers of the girl. In the end, every-
thing is happily adjusted, when the
colonel realizing the true state of
affairs, gallantly surrenders his claim
upon the pretty girl to the younger
man, with the proviso that his rival
remains in the army, and fights.An exceedingly attractive supporting
company is promised with such players
as Julie Wilber, Roland Hogue, Norma

"Tempered Steel."

Auditorium picture fans are in for
a real treat tomorrow and Thursday,
when Mr. Fenberg offers a big feature
program with two of the screen's noted
female stars will vie for stellar honors.
Mme. Petrova, well known to fans in
Newark, will be seen in "Tempered
Steel," and Clara Kimball Young, is
seen in her great production of "The
Claw." Not much mention is needed on
this, for "The Claw" was one of the
best pictures shown during August, but
"Tempered Steel" is a wonderful pic-
ture.

Two Big Features.

Mr. Fenberg received a wire from

the Cincinnati Loan Committee yester-
day that he was being given first
chance on the Big Star Liberty Loan
Features and that Charlie Chaplin in
the one reel "Play a Liberty Bond"
would be screened at his house on
Thursday and Wm. S. Hart in another
Liberty Loan Feature Saturday. Char-
lie Chaplin is so well known and his
work so clever that all can imagine
the picture to be "great." See it Thurs-

"A teaspoonful of Dr. Caldwell's Syrup Pepsin
each night at bedtime has done me a
world of good, as I am 62 years old and was
getting badly constipated. I had previously
taken a lot of salts and pills without real
relief." (From a letter to Dr. Caldwell writ-
ten by Mr. A. Forester, Princess Anne, Md.)

Constipation is one of the penalties of
age that should never be neglected—Dr. Cald-
well's Syrup Pepsin is a combination of simple
laxative herbs with pepsin that relieves consti-
pation in an easy, natural manner, without grip-
ping or strain, and is as positive in its effect as it
is mild and gentle in its action.

**CIVIC BUREAU TO
DO CHARITY WORK**

Associated Charities Is
Merged With Branch of
Chamber of Commerce.

The separate organization known as
the Associated Charities was today
merged with the civic bureau of the
Chamber of Commerce. Yesterday the
board of directors of the Associated
Charities transferred the charity work
to the Chamber of Commerce.

The merger was regarded as a war
necessity. The Associated Charities
was organized in 1914, and this was fol-
lowed by the organization of the Public
Welfare Bureau of Licking County, re-
federating the service of the Licking
County Humane Society, Associated
Charities, and the Visiting Nurse Ser-
vice of The King's Daughters. Under
the new arrangement all relief work
will be transferred to the Civic Bureau.

The Whatsoever Circle of The King's
Daughters has now been requested by
the Bureau to organize the Visiting
Nurse Service of the County for the war
period.

An experienced civic secretary is to
be added to the staff of the Civic Bu-
reau of the Chamber of Commerce in
the near future.

He enlisted the 25th of last April
in the navy, at that time being em-
ployed as B. & O. yard clerk.

**B. & O. WORKERS HAVE
4TH LOAN CELEBRATION**

A patriotic meeting was held by the
employees of the B. & O. shops at the
lower shop entrance at the foot of Webb
street Monday noon in the interest of
the Fourth Liberty Loan. It was well
attended and several fine addresses
were given by Rev. Bohan Schmitt, At-
torney Ray Martin and George H. Ham-
ilton. Superintendent Titus also gave
a very pleasing talk. Another feature
of the meeting was the splendid pro-
gram given by the B. & O. Glee club.
The club came into existence early in
the summer and has been doing stren-
uous rehearsing all season under the
direction of Kline, a legal pianist. Some
of the best voices in the city are among
the club members, having been heard
often in Elk minstrels and other local
performances. The meeting was in
charge of Shop Superintendent F. E.
Cooper.

**SENDS BIBLES FOR

District 4, Daughters of Veterans,
through the president, Mrs. W. H. Hick-
man and secretary, Mrs. Margaret
Long of Newark, recently sent 100

partment in New York to be used in
Y. M. C. A. government work. The
Daughters of Veterans district conven-
tion will be held in Newark, October 8.

**PHYSICALLY FIT
AT ANY AGE**

It isn't age, it's careless living that
puts men "down and out." Keep your
internal organs in good condition and
you will always be physically fit. Watch
the kidneys.

The kidneys are the most overworked
organs in the human body. When they
break down under the strain and the
deadly uric acid accumulates and crys-
tallizes look out. These sharp crystals
tear and scratch the delicate urinary
channels causing excruciating pain and
set up irritations which may cause pre-
mature degeneration and often do turn
into deadly Bright's disease.

One of the first warnings of sluggish
kidney action is pain or stiffness in the
small of the back, high colored or
scanty urine, loss of appetite, indiges-
tion or rheumatism.

Do not wait until the danger is upon
you. At the first indication of trouble
go after the cause at once. Go to your
druggist immediately. Get a trial box
of GOLD MEDAL Haarem Oil Caps-
ules, imported direct from the labo-
ratories in Holland, where they have
been in use for over two hundred years.
They will give almost immediate relief.
If for any cause they should not your
money will be refunded. But be sure to
get GOLD MEDAL. None other is
genuine. In sealed boxes, three sizes.

**A LIBERAL OFFER BY LICKING
CREAMERY COMPANY**

To the Users of Milk and Cream
From Its Retail Wagon.

The Licking Creamery Company
begs to announce that until further
notice it will make a regular monthly
award of two (2) \$1.00 sheets of
milk tickets upon each of its retail
milk wagon routes to private con-
sumers of milk and cream through-
out the city.

The awards will be made on the
15th day of each month.

A duplicate receipt stub from every
sheet of tickets sold during the pre-
ceding month will be placed in a
box from which the stubs to receive
awards will be drawn by a disinter-
ested party. Each route will be
handled separately.

THERE IS BUT ONE CONDITION
QUALIFYING THESE AWARDS.
All competitors must have their
accounts with the Licking Creamery
Company paid in full for the month
preceding the one in which any given
drawing occurs.

In other words, should a duplicate
of one of your ticket receipt stubs be
drawn on the 15th of one month it
would not receive an award unless
your account was paid in full for the
month preceding.

This is absolutely the only require-
ment made, thereby characterizing
this proposition as being extremely
clean cut and liberal.

We hope it will please the public
to watch for the next drawing. Your
name may be among the fortunate
ones to be announced in the papers

NOWS THE TIME TO THINK OF
WARM WINTER BEDDING-BLANKET WEATHER IS HERE

You need blankets to keep you warm. You know they are scarce—wool is high, and present prices are much lower than they will be later on in the season. Then, again, the market is so sold up on blankets that we will not be able to replace many of the numbers in our present stock, even at an advance of price. The Wise Shopper will select blankets this week, and we know of no better blanket than

They are the kind that give good wool warmth at a cotton price. Beacon Blankets need no introduction. In the first place, a Beacon Blanket is made entirely of the very finest of cotton. But they look and feel like wool, being carefully spun, and treated by a process that produces the texture of the finest wool.

Then, the designs, colorings and fancy weaves have a charm that is certainly pleasing, and from the plain white blankets to the highly colored Indian effects, there's no trouble to make a choice, as the following description of a few numbers of Beacon Blankets will tell you.

A BEAUTIFUL PLAID BLANKET, \$6.50 PAIR.

A fine wool nap, large fancy plaids in pink, blue, tan and grey plaid.

BATH ROBE BLANKETS, WITH CORDS, \$5.00

Now will be the best time to select your Robe Blanket. The line for the holidays is here, and you can choose from many attractive designs in any color.

BEACON COMFORTABLES, \$5.90 AND \$6.50

ALLIES CONTROL
ALL OF BULGARIA

Germany Faces Ministerial Crisis as Result of Critical Political Situation.

(Compiled from A. P. Dispatches)

Bulgaria has unconditionally surrendered. Allied nations are placed in control of her railroads and all other means of transportation and are free to use them for the development of future military operations. All strategic points in Bulgaria were turned over to the allies for occupation and the Bulgarian troops will be withdrawn from Greece and Serbia and disbanded.

Thus, the result of the brief conference between the Bulgarian peace delegates and the allied command at Saloniki, is not yet an accomplished fact, but the way is cleared for a rapid development of the advantage gained by the seasonal offensive in the Balkans and the collapse of Bulgaria. Heavy German and Austrian forces are said to be on their way to restore the Bulgarian front, but it is probable they will be powerless to turn the tide of destiny in the Near East.

As a result of the threatening political aspect of the situation which has arisen the German government is facing a ministerial crisis. Imperial Chancellor von Herting has resigned from office and was closely followed by Foreign Minister von Hintze. This morning it was reported from Amsterdam that Vice Chancellor von Payer, who has held that office since November 9, 1917, had also quit.

Avoid the crumbling of its cabinet Germany is hearing the rumbling of the mighty storm that has broken over the western battle line. Grim tidings from the front, kept secret from the German public for the past two months, now are freely discussed by the newspapers and a wave of what closely resembles hysteria is reported to be sweeping over that country.

On the six sectors where allied forces are hurling themselves at the German lines in Belgium and France the past day has brought renewed reverses for the enemy. There has been desperate fighting at every point where the German lines have been assailed, but notwithstanding his utmost efforts, the enemy has been forced back in sectors where allied gains carry a threat to his positions over a wide front.

The most rapid advance has been in Belgium, where the Germans have been beaten back until the troops of King Albert are across the important Roulers-Menin road at many points. It is unofficially reported that Roulers has been entered by the Belgians.

Further south the British have entered Crevecoeur, southeast of Cambrai and are fighting in the streets of Cambrai itself. Near St. Quentin, the British and Americans have smashed their way through the Hindenburg line to the neighborhood of Le Havre and appear to have outflanked St. Quentin from the north. On the south of that city the French have made new progress.

North of the Aisne the French have captured more than half of the ridge between the Aisne and the Ailette and the Germans are reported to be retreating across the latter stream. Along the Vesle, northwest of Rheims, the French have won ground, apparently moving ahead in close touch with the retreating Germans.

In the Champagne sector General Gouraud's army has carried dominating heights west of the Argonne forest and appear to be in a position to compel a rapid and early retreat of the Germans from that natural strong hold.

American divisions fighting between the Argonne forest and the Meuse river have slowly but steadily moved ahead and seem to have won their objectives along that section of the front. Berlin reports that natural strong holds were captured and that the Germans regained some ground near Argonne forest.

German troops are being rushed from inactive sectors to bolster up the lines under attack by the Americans and it is probable that progress there will be very slow.

There are indications that Turkey will follow Bulgaria's example in giving up the war. Following the absolute defeat of her armies and the defection of Bulgaria there would seem to be no other step possible for that country. General Allenby's troops are reported to be two and a half miles from Damascus.

WAR STAMP SALE
NEARLY \$8,000
AT P. O. SEPT. 30

The Newark postoffice sold nearly \$8000 worth of War Savings stamps yesterday.

Total stamp sales in Licking county to September 6 are \$1,116,882, or \$119,298 short of the 1918 quota.

October War Savings stamp pledges are now due. The October price of W. S. S. is \$4.21.

The Newark public schools make another splendid W. S. S. report this week. The figures are given in another column of this paper.

New members of the 11600 War Savings society (divers of 200 W. S. S. S. are: W. W. Plummer, 100; M. J. Scheller of Cedar street, T. P. Edmond of Ulica, H. D. Willison of Croton, and M. B. Claggett of Hebron.

The state committee today reports that two more Ohio counties have gone "over the top" in War Savings stamps—Marion and Muskingum—making 17 counties of the state that have sold their year's allotment. Three of the 17 counties that have "over the top" are Licking's county's next door neighbors—Knox, Coshocton and Muskingum. Another neighbor—Ferry county—is close to the goal.

LINEN FOR HOSPITALS
IS NEEDED IN FRANCE

The French hospitals are asking for linen. The Red Cross chapter is asked to collect what they can from the families in their district. They are asking for bath towels, 18x24, hand towels, 18x20, sheets, 61x102, napkins, 14x14 and handkerchiefs, 18x18. They can be made from old linen shirts and dresses or any new pieces that may be available. The work will be given to this collection and is called "The Linen Shower." Newark donors are asked to bring donations to Red Cross headquarters, 65 North Third street.

HUNS WORK OUT PLAN
OF RETREAT IN EAST

(ASSOCIATED PRESS TELEGRAM)

With the American Army Northwest of Verdun, Monday, Sept. 30.—All though the Germans are giving every evidence that they intend to hold desperately to the present line instead of retreating, they have overlooked no details which facilitate a retirement, should it become necessary.

Their divisions are not entirely fresh, or half fresh troops, but consist in part of regiments secured by dissolving divisions already in line which were split up to help out elsewhere.

The following order, which was captured on a German officer, shows that the enemy is overlooking no chances:

"All lines of retreat must be accurately ascertained by all companies and whenever possible all platoon commanders should go back over them as soon as possible to the first line. Soldiers must be familiar with the lines of retreat."

In a pocket of another prisoner captured recently there was found American propaganda literature dropped by airplane. The Germans expressed themselves as being interested in this literature.

You never can tell. Fame and fortune have passed many a man by because he failed to recognize them.
